W. MOOHE, *Deputy Post Master.*

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 a.m. The other daily despatch will be sent off at noon.

Barrackpore Jehangore Patoolee Cutwah Morai Berhampore Jeasunge Bogowangolah Jungpore Khamrah The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Burnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mail, must be delivered at the General Post Office between the hours of 10 and 12½ a.m.

Offy. Post Master General.

SUPPLEMENT TO

The Calcutta Gazette

Published by Authority.

WEDNESDAY, JANUARY 1, 1840.

THE
CONSTITUTION, &c.
OF THE
INDIAN LAUDABLE
AND
Mutual Assurance Society.

WHEREAS at the Eighth Half Yearly Meeting of the New Calcutta Laudable Society, convened under the 31st Rule of the Society, and held on the 26th day of January One Thousand Eight Hundred and Thirty-nine, the said Meeting having been made special under the 36th Rule, for the purpose of taking the votes of the Shareholders on certain propositions for the Amendment of the existing Funds and other modifications in its constitution, agreeably to the Resolution passed at the General Half Yearly Meeting held on the 20th July 1837, such propositions were adopted by a Resolution passed by a majority at the said Meeting, at which more than two-thirds of the Society were duly represented according to the Rules and Regulations of the said Society, that is to say, by one hundred and thirty-eight votes against one hundred and fourteen votes, the whole number of the votes in the Society then being three hundred and sixty-two, which said propositions, so adopted, were, and are as follows, that is to say :—

PROPOSITIONS for the APPLICATION of the SURPLUS FUNDS of the NEW CALCUTTA LAUDABLE SOCIETY at the end of the year 1839, and for other MODIFICATIONS in its CONSTITUTION, with a view to render the SOCIETY PERMANENT; enhancing greatly the ADVANTAGES of all concerned in it, combined with UNQUESTIONABLE SECURITY.

PROPOSITIONS.

First.—That prior to any division of the Surplus Funds there be set apart one-third the amount of extraordinary risks arising from individuals holding more than 10 shares on one life, to meet such extraordinary risks.

Second.—That one per cent. of the outstanding risks, to be denominated the "Premium Fund," be carried forward to the Current Premiums to meet unknown lapses.

Third.—That the remaining sum be held to be the individual property of the surviving policy holders at midnight of the 31st December 1839, in the ratio of the amount Premium respectively paid, subject to reduction to individual credit to the extent of 10 per cent. on each individual's risk, for the purpose of forming a Guarantee Fund, any Surplus which may remain to any individual's credit after such 10 per cent. has been thus set apart as his proportion of a Guarantee Fund, to be paid to him, or applied in reduction of Premium. Should the Surplus of any individual at the close of the term not amount to 10 per cent. on his individual risk, his future surplus to be added thereto, until it does amount to 10 per cent. on his individual risk.

Fourth.—That a statement of the accounts be prepared on the 31st May and 30th November, in each year, for the purpose of ascertaining the then state of the Funds, that in the event of there being a Surplus over and above one per cent. on the amount of outstanding risks for the "Premium Fund," the excess, provided it amounts to 5 per cent. or more on the amount Premium received during the current

half year, be divided as above among the surviving policy holders at those dates respectively in the following manner, viz. that after ten per cent. on the Premium paid during the half year, shall have been so divided, the remainder be carried to the Premium Fund, unless it shall amount to enough to allow of an additional one per cent. on the outstanding risks for the Premium Fund and five per cent. on the Premium paid during the half year, in which case the one per cent. shall be so carried to the Premium Fund and an additional five per cent. shall be divided as above; and in the event of there still being a further surplus admitting a third one per cent. being carried to the Premium Fund and an additional five per cent. on the Premium paid during the half year, making in all 20 per cent. on the Premium paid, a further division to that extent shall be made; but no division or return Premium beyond 20 per cent. shall be made unless the Premium Fund shall amount to five per cent. on the outstanding risks, in which case the whole amount surplus shall be divided or returned as above; the amount belonging to each individual being either carried to his credit, or applied to the reduction of his Premium, according as it may, or may not be, required to maintain his portion of the Guarantee Fund at 10 per cent. on his individual risk.

Fifth.—That in the event of the Guarantee Fund being at any time trebled upon, the amount withdrawn be made good at the commencement of the succeeding half year out of the Current Subscriptions, so that every surviving Subscriber at the time of the repayment to the Guarantee Fund shall have his full amount made up to him as it stood at the time the Fund was drawn upon; and in case of lapse after the Guarantee Fund may have been so trebled upon, the full amount to the credit of the individual risk be paid as it stood at the commencement of the half year notwithstanding the temporary reduction in the total amount of the Guarantee Fund.

Sixth.—That the whole amount standing to individual credit be paid, in the event of lapse, at the same time as the amount assured, and that this payment be made immediately on due proof of lapse.

Seventh.—That in the event of a party being desirous to cease to be a mutual assurer, by withdrawing from the Society, the amount to his credit in the Guarantee Fund be paid to him, subject to a fine of 25 per cent. to be carried to the Premium Fund, and that a proportionate payment be made in the agent of a party reducing the amount of his Assurance; provided that in such case no payment shall be made unless the amount of his credit shall equal 10 per cent. on his reduced risk. Parties withdrawing at the close of the present term also to forego 25 per cent. of their surplus.

Eighth.—That instead of shares of Rs. 6000, Assurance be taken on even hundreds not under Company's Rupees 600, nor above Company's Rupees 10,000.

Ninth.—That the accounts be converted from Sicca into Company's Rupees, it being optional with existing insurers to have in value an equivalent in Company's Rupees, to the nearest hundred for his present Insurance in Siccas, or to hold the same number of Company's Rupees as he now does Siccas.

Tenth.—That the rates of premium be those of the Oriental Life Insurance Company as below, the existing Military lives insured in the Laudable paying only Civil rates, but all Military lives insuring subsequent to the 31st December 1839 to pay the Military rates.

Table of Rates of Yearly Premium of Insurance of Rs. 1000, charged by the India and Mutual Assurance Society payable Half Yearly.

* NOTE.—A Table of Rates for Life, increasing annually, to correspond with the fixed rates for life is preparing by Mr. Cumin. It will of course be optional for parties to subscribe for life under either the one or the other.

Eleventh.—That such other modifications be made in the existing rules as are necessary to bring them into correspondence with the above.

Twelfth.—That the Society be called the Indian Laudable and Mutual Assurance Society.

Thirteenth.—That this Paper be circulated by the Secretary to every individual Policy Holder with a request that he will either vote at a special General Meeting to be called after six months notice from the date of circulation, or send Proxy under the 22nd Rule for or against these Propositions, in order that at least two-thirds of the Society may be represented.

Fourteenth.—That in the event of the propositions being carried, they, together with the existing Rules, be placed

in the hands of a professional Gentleman for the purpose of a correct set of Rules being prepared for general information.

In PURSUANCE therefore of such Resolution and Propositions the following Rules and Regulations have been prepared in manner directed by such Propositions, and are now published for general information, as those by which the transfer from the New Calcutta Laudable Society, at the end of the year one thousand eight hundred and thirty-nine, to the Indian Laudable and Mutual Assurance Society will be effected; and by which such Indian Laudable and Mutual Assurance Society when embodied will be governed.

1st. That from and after the 1st day of January one thousand eight hundred and forty, the Society shall be

denominated the Indian Landable and Mutual Assurance Society,

2d. That prior to any division of Surplus Funds, accruing after payment on account of lapsed lives as provided in the 27th Rule of the New Calcutta Landable Society, to wit Sieca Rupees 6,000 for each whole Share, Sieca Rupees 3000 for each Half Share and Sieca Rupees 1500 for each Quarter Share, the increase contemplated in the said Rule not having been made or unmentioned, one per cent. on the total amount of outstanding risks on the 1st day of January one thousand eight hundred and forty, be transferred to the Indian Landable and Mutual Assurance Society, and that the amount so transferred be denominated the Premium Fund, to which the Current Premiums as received from time to time will be added.

3d. That Whereby the union of the late Seventh Landable and Thirteenth Supplementary Landable Societies, thereby constituting the New Calcutta Landable Society, certain Lives were insured in each Society to an aggregate extent beyond the limit assigned by the Rules of the United Societies and beyond the limit now assigned by the Rules of the Indian Landable and Mutual Assurance Society, and whereat such excess of risks beyond the prescribed limit requires that special security should be provided before any division be made of the surplus, over and above the one per cent. on the outstanding risks as directed in the last Rule—previous to any such division being made—one-third of the amount insured on such particular Lives, as shall on the 1st January 1840 be found to be in excess of the prescribed limit, shall be added to the said Premium Fund.

4th. That after the payment to the Premium Fund of the contributions in the two last preceding Rules provided for, and making the division as directed by the 27th Rule of the New Calcutta Landable Society, then the remaining sum shall be held to be the individual property of the surviving Policy Holders on the 31st day of December 1839, at midnight, in the ratio of the amount of premium respectively paid by them, and be carried in their separate credit, but only for the purposes hereinafter expressed.

5th. That, it being expedient for the better securing the objects of the Society that a Guarantee Fund be created, a sum equivalent to ten per cent. on the amount insured on each life on which insurance may be extended from the present to the New Society shall be deducted from each specific sum so carried to the credit of such Policy Holders and posted to his individual account in the said Guarantee Fund; but in the event of any individual's share in the surplus not amounting to 10 per cent. on his outstanding risks, then the whole amount surplus shall be placed at his credit, the remaining amount required to bring his portion of the Guarantee Fund to 10 per cent. on his risk to be obtained as hereinafter mentioned.

6th. That the amount surplus belonging in surviving Policy Holders on the 31st December 1839, whose Policies may not be renewed on the 1st January 1840, be paid to

them, subject to a deduction of 25 per cent. to be carried to the Premium Fund.

7th. That, from the 1st January 1840, the accounts of the Society be kept in Company's Rupees, and that instead of Shares, Assurance be taken in even hundreds of Rupees not under Company's Rupees 6000, nor above Company's Rupees 60,000, except in the case of existing Policy Holders on the 31st December 1839, with whom it shall be optional to have in value an equivalent in Company's Rupees to the nearest hundred of the insurance in Sieca Rupees, or to change the number of Sieca Rupees insured into the same number of Company's Rupees—as thus: each share of Sieca Rupees 6,000 may be transferred to Company's Rupees 6,000 or Company's Rupees 6400, a half share may be transferred to Company's Rupees 3,000 or Company's Rupees 3,200, and a quarter share to Company's Rupees 1,500 or Company's Rupees 1,600.

8th. That from the 1st day of January 1840, the whole amount assured be paid on due and satisfactory proof being furnished to the Directors of lapse; and on their being satisfied that nothing has at any time occurred to vitiate the Policy, the amount at the credit of the lapsed Life in the Guarantee Fund being paid at the same time; the whole however subject to arrears of Subscription, or to any other sums, due in the Society.

9th. All lapses will be paid out of the Premium Fund until exhausted; in which event, but not otherwise, the Guarantee Fund will be available to make good all payments for which the Society is responsible; and in the event of the Guarantee Fund being at any time thus trencled upon, the amount withdrawn shall be made good at the commencement of the succeeding half year out of the current premiums, so that every surviving Subscriber at the time of the repayment to the Guarantee Fund shall have his full amount made up to him as it stood at the time the Fund was drawn upon; and in case of lapse after the Guarantee Fund shall have been so trencled upon, and before the payment of the next half year's premiums, the full amount to the credit of the lapsed risk shall be paid, notwithstanding the temporary reduction in the total amount of the Guarantee Fund.

10th. In the event of any party withdrawing from the Society, whether insured for a term of years or for life, the amount to his credit in the Guarantee Fund shall be paid to him subject to a deduction of 25 per cent. to be carried to the Premium Fund; and, in the event of a party reducing the amount of his Assurance, he shall be entitled to receive, subject to the like deduction, a sum proportionate to the amount reduced; provided that in no case shall any such payment be made on a reduction of risk so as to reduce the amount at credit of the Guarantee Fund below 10 per cent. on the reduced and continuing risk.

11th. That the following be the rates of premium on and after the 1st day of January 1840; with the exception that Military lives assured on the 31st December 1839, and continuing on the 1st January 1840, be charged only as Civil lives, subject however to the Military charge in the event of future increase of Assurance.

12th. In cases however of applications for Policies on the lives of parties under certificates not unobjectionable in every respect, but involving more than the ordinary risk, the Directors shall be at liberty either to reject such application wholly, or to grant admission on enhanced premiums, agreeably to the best of their judgment, after consulting with, and receiving the opinion of, their medical adviser.

13th. On the 31st day of May and 30th day of November in each year the state of the funds of the Society shall be ascertained, and no surplus shall be considered to have accrued for division until the one per cent. under the 2d Rule and one-third of the then excess of risks as provided by the 3d Rule, shall have been carried, in accordance with those Rules, to the Premium Fund; after which, if the surplus shall amount to five per cent. or more on the premiums paid during the half year, it shall be divided equally according to the amount premium paid by each among the surviving Policy holders at the close of each half year, as far as 10 per cent. on

the premium paid; the surplus over and above such 10 per cent. shall be carried to the Premium Fund, unless it shall amount to enough to allow of an additional one per cent. on the outstanding risks for the Premium Fund, and another five per cent. on the premium paid during the half year, in which case an additional one per cent. on the outstanding risks shall be so carried to the Premium Fund and an additional five per cent. shall be divided as above; and in the event of there still being a further surplus, admitting of a third one per cent. as above being carried to the Premium Fund, and an additional five per cent. on the premium paid during the half year, making in all 20 per cent. on the premium paid, a further division in that extent shall be made; but no division or return premium beyond 20 per cent. shall be made unless the Premium Fund shall amount to five per cent. on the outstanding risks, in which case the whole amount surplus shall be divided or returned as above; the amount belonging to each individual, in every case, being either carried to his credit or applied to the reduction of his premium, according as

it may or may not be required to maintain his portion of the Guarantee Fund at 10 per cent, on his individual risk; the Secretary publishing under the authority of the Directors in the papers of the Presidencies the percentage of return premium, in order that parties may be prepared to pay the reduced amount premium agreed upon for the next half year.

14th. That notice having been given as above, the amount premium shall be paid up or before the 15th day of July and the 10th day of January in each half year, to enable the Directors to lay the state of the Funds and of the Society at that date before a half-yearly Public Meeting of Policy holders to be convened as hereinafter directed; and that, in default of payment of the premium, the Policy shall be absolutely void, subject nevertheless to the equitable discretion of the Directors if they shall think fit, on such terms as they shall prescribe, to permit the revival of any Policy, of which the premium shall not have been in their judgment wilfully and designelly withheld; subject in all cases to an appeal to the Society at large, on payment to the Directors of the premium and fine (if any) required by the Directors; subject also to an appeal, against such readmission, by any three Directors or any ten Policy holders of Rupees 6,000 each.

15th. As often as a sum exceeding Rupees five thousand shall be collected in the hands of the Treasurer it shall be laid out in the purchase of Government Paper, Bank Stock, or in loans secured by a deposit of Government Paper or Bank Stock, to be granted under the control and authority of the Directors; it being clearly understood, that in all cases of loan the saleable value of the deposit shall be more than sufficient to cover the amount. All public securities purchased for the Society shall be specially endorsed to three or more of the Directors, and the interest only shall be made payable to the order of the Secretary.

16th. That the business of the Society be conducted by nine Directors, a Secretary, and a Treasurer, that the Directors shall, as near as may be, consist as follows:

All the Directors shall go out annually, but be considered eligible for immediate re-election.

18th. The business of the Directors shall be to superintend, direct, and control the management of the Funds, to examine the Secretary's accounts, to decide on all applications for admission, and generally to control the current business of the Society, provided that they do no act at variance with the Fundamental regulations. They shall have the privilege of choosing their own medical adviser, or advisers, either permanently, or upon each or any separate occasion, and remunerating him or them out of the funds of the Society for his or their services, on such scale as shall appear to them proper; provided that any permanent salary shall require the sanction of a Half yearly Meeting.

At such Half Yearly General Meetings of the Society vacancies in the Direction shall be filled up and a Secretary, if the office should be vacant, shall be chosen; but no other matter affecting the interests of the Society shall be decided, unless it shall happen that at least two-thirds of the Society are represented at such Meeting, either personally or by proxy; or, unless, on the requisition of any three Directors or any ten members having individually an assurance to the extent of Rupees 6,000 of which notice of at least one month given prior to such Meeting, such Meeting shall be made Special for the consideration of any question, which question must be distinctly notified in such notice; and it shall be the duty of the Directors to issue such notice on such requisition, and in such case the question, whatever it may be, so distinctly notified, shall be determined by a majority of votes present either in person or by proxy, notwithstanding that two-thirds of the Society may not be represented at the Meeting. Provided, that if any question, of which the prescribed notice shall not have been given, altering, repealing, or affecting any fundamental Rule, shall be brought forward at such Half Yearly Meeting and shall be carried by a majority of two-thirds present thereat, such vote shall not be binding until it shall have been again submitted to the next Half Yearly Meeting and confirmed by the majority present thereat, whether two-thirds of the Society or shall not be present or represented; and such next Half Yearly Meeting shall be made special for such purpose.

26th. The Fundamental Rules of the Society are the following; viz. 3, 4, 5, 6, 7, 8, 10, 13, 14, 17, 21, 23, 24, 25, 26, 27, 28, 29, 30, and 31, and such other Rules as shall be made Fundamental by an express vote of the majority of a Meeting at which two-thirds of the Society shall be represented.

27th. Any three Directors or any ten Members, having each individually an interest to the extent of Rupees 6,000—or more—in the Society shall be empowered to convene a Meeting by public Advertisement, with at least one month's notice; but no decision passed at such Extraordinary Meeting shall be had on any subject unless the purport of it has been stated, or explained and specified in the form of a resolution in the Advertisement convening such Meeting.

28th. At such Half Yearly, and all other Meetings of the Society, every Shareholder, wherever resident, shall be entitled to give his voice on any point or question before the Meeting, votes to be taken personally or by proxy, or other written authority, signed by the party beneficially interested in the Society as a Policy holder.

Copartners, or other bodies of individuals, may hold Policies jointly on any given life, either for their own benefit, or for that of others; but in such case the parties uniting in the subscription shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by delegation of one of their number, or by proxy on all matters thereto relating.

second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of ■ hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

Mr. C. W. Smith was unanimously voted into the Chair.

The Accounts of the Fund for the past year 1838-39 having been laid before the Meeting, were approved and passed.

The Managers reported that as no reply had been received from the Hon'ble the Court of Directors to the Memorial of the Service dated the 7th April 1838 praying for the continuance of the New Rules 35 and 36, with certain Modifications, whereby nine Annuities would become available annually at a reduced premium, the Committee had, during the last month, intimated to every qualified Member that nine Annuities at the old rate, viz. at half premium, would be available on the 1st of May next, to the nine senior qualified applicants before that day; as the Original Rules would return into operation on that day, unless instructions of the wished-for nature should be received from the Hon'ble Court in the interim, in which case due information would be given to the Service.

The Secretary gave notice to the Meeting that in consequence of expected promotion in the Service he expected shortly to resign his Office in the Fund.

Resolved, that for the purpose of electing Managers for the year 1840, every Subscriber present give in a list of five names.

On a Scrutiny of the votes thus given in, the following five Gentlemen were declared duly elected, having a majority of votes in their favor, viz.

John Lewis, Esq., Number of Votes...	28
C. Tucker, Esq. ditto.....	28
F. J. Halliday, Esq. ditto.....	24
H. Moore, Esq. ditto.....	20
W. Bracken, Esq. ditto.....	18

Resolved unanimously, that the Management be instructed to make it a condition with the Gentleman who obtains the Office of Secretary to the Annuity Fund, that he shall also take the Office of Secretary to the Civil Fund without any Salary for the latter appointment, subject to the approbation of the Civil Fund.

Resolved unanimously, that a vote of thanks be passed to the Directors of the Fund for the past year.

Resolved unanimously, that a vote of thanks be passed to Mr. J. P. Grant, the Secretary to the Fund, for his valuable services.

Resolved unanimously, that the thanks of the Meeting be given to the Chairman for his conduct in the Chair.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 6TH JANUARY, 1840.

The following Extract from the Proceedings of the Hon'ble the President in Council, in the Legislative Department, under date the 6th January 1840, is published for general information.

Read a second time the Draft of a proposed Act dated the 16th September 1839, and published in the *Calcutta Gazette* of the 21st of the same month, for preventing Affairs concerning the possession of Land and for providing relief in cases of forcible dispossession within the Presidency of Fort William in Bengal.

Resolved, That the President of the Council of India in Council resolves that the following Amended Draft Act on the subject be republished for general information.

Act No. — or 1840.

An Act for preventing Affairs concerning the possession of Land, and for providing relief in cases of forcible dispossession, within the Presidency of Fort William in Bengal.

I. Whereas it is expedient to remove doubts which have arisen upon the interpretation of Regulation XV of 1824, and to amend the Law for preventing Affairs concerning the possession of Land, and for giving relief in cases of forcible dispossession, and to extend it to cases not hitherto provided for, and to make it applicable to persons of every class or description, whether British born subjects or others :

It is hereby enacted, that Regulation XLIX of 1793, Regulation XIV of 1793, Regulation XXXII of 1803, Section 5, Regulation VI of 1813, Regulation XV of 1824, and Regulation II of 1829, of the Bengal Code, together with so much of any Regulation as extends any of the above Regulations or parts of Regulations to any places within the Presidency of Fort William in Bengal, be repealed.

II. And it is hereby enacted, that whenever any Magistrate or other Officer exercising the powers of a Magistrate may be certified that a dispute likely to induce a breach of the peace exists concerning any Land, Premises, Water, Fisheries, Crops, or other produce of land, within the limits of his jurisdiction, he shall record a proceeding, stating the grounds of his being so certified, and shall call on all parties concerned in such dispute, (whether Proprietors, dependent Talukdars, Farmers, under Farmers, Ryots or other persons) to attend his Court in person, or by agent, within a reasonable time, and to give in a written statement of their respective claims as respects the fact of actual possession of the subject of dispute. And the Magistrate or other Officer as aforesaid shall, without reference to the merits of the claims of any party to a right of possession, proceed to enquire what persons, in possession of the subject of dispute when the dispute arose, and after ascertaining himself upon the points most material, a proceeding declaring the rights of the parties may cause to have been made in such

possession to be entitled to retain possession, until ousted by due course of Law, and forbidding all disturbance of possession until such time; and if necessary the Magistrate or other Officer as aforesaid shall put such party into possession, and maintain him in possession, until the rights of the parties disputing be determined by a competent Court.

III. And it is hereby enacted, that if the Magistrate or other Officer as aforesaid shall, in the cases mentioned in Section II of this Act, be unable to satisfy himself as to what party was in possession of the subject of dispute when the dispute arose, he may attach the subject of dispute until the rights of the parties be determined by a competent Court, giving notice in writing of the attachment, and if the subject of dispute be Land, the provisions of Regulation V of 1827 regarding attachment by order of a Zillah or City Court shall apply to attachments by order of a Magistrate or other Officer as aforesaid made under this Section.

IV. And it is hereby enacted, that if any party shall complain to a Magistrate or other Officer as aforesaid, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops, or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependent Talukdar, Farmer, under Farmer, Ryot or otherwise, the Magistrate or other Officer as aforesaid shall require the party or parties complained against, and any other parties concerned, to appear and make defence in person or by agent within a reasonable time; and if, after the examination of the necessary witnesses and documents, the complaint appears to him to be substantiated, he shall record a proceeding, ordering the party complaining to be put again into possession of the subject of dispute, and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossesion.

V. And it is hereby enacted, that if, in cases instituted under this Act, the subject of dispute be newly formed Land, whereof it shall appear to the Magistrate or other Officer as aforesaid that no party has ever had possession, the Magistrate or other Officer as aforesaid shall award possession to the party to whom the right of possession belongs according to law or custom, and shall maintain that party in possession until the right to possession be determined by a competent Court.

VI. And it is hereby enacted, that if a dispute arises concerning the right of use of any Land or Water, the Magistrate or other Officer as aforesaid within whose jurisdiction the subject of dispute lies may enquire into the matter, and if it shall appear to him that the subject of dispute was open to the use of the public, or of any person, or of any class of persons, the said Magistrate or other Officer may order that possession

thereof shall not be taken or retained by any party to the exclusion of the public, or of such person, or of such class of persons, as the case may be, until the party claiming such possession shall obtain the decision of a competent Court adjudging him to be entitled to such exclusive possession. Provided that the Magistrate or other Officer as aforesaid shall not pass any such order as aforesaid, if the matter be such that the right of use is capable of being exercised at all times of the year, unless that right shall have been ordinarily exercised within three months from the date of the institution of the enquiry, or in cases where the right of use exists at particular seasons, unless such right has been exercised without discontinuance before the dispossess of which complaint is made.

VII. And it is hereby enacted, that any person opposing by force the execution of an order for possession or use, given under this Act, or refusing obedience thereto, or knowingly contravening the same, as long as it shall remain in legal force, shall be liable, on conviction before a Magistrate or other Officer with the powers of a Magistrate, to be sentenced to simple imprisonment for a term not exceeding six months, or to fine not exceeding two hundred rupees, commutable if not paid to a period of simple imprisonment not exceeding six months, or to both imprisonment and fine as aforesaid.

VIII. And it is hereby enacted, that all orders passed under this Act shall be appealable in the usual manner under the Regulations and Laws that are or may be in force relating to appeals from the orders of Magistrates or other Officers exercising the powers of Magistrates.

IX. And it is hereby enacted, that in cases instituted under this Act the Magistrate or other Officer as aforesaid is authorised, with the consent of all the parties, to refer the matter in dispute, so far as it is cognisable under this Act, to an arbitrator or arbitrators for decision, whose award shall be executed as if it were the award of such Magistrate or other Officer as aforesaid.

X. And it is hereby further provided, that this Act shall not extend to any place beyond the limits of the Presidency of Port William in Bengal, or to the Settlements of Prince of Wales' Island, Chittagong, or Madras, or to any place situated within the local limits of the jurisdiction of Her Majesty's Supreme Court at Calcutta.

Ordered, that the amended Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 6th day of February next.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT.

THE 6TH JANUARY, 1840.

The following Extract from the Proceedings of the Hon'ble the President in Council, in the Legislative Department, under date the 6th January 1840, is published for general information.

Read a second time the Draft of a proposed Act dated the 18th September 1839, and published in the *Calcutta Gazette* of the 21st of the same month, for preventing Affairs concerning the possession of Land and for providing relief in cases of forcible dispossession within the Presidency of Fort William in Bengal.

Resolution.—The Hon'ble the President of the Council of India in Council resolves that the following Amended Draft Act on the subject be republished for general information.

ACT NO. — OF 1840.

An Act for preventing Affairs concerning the possession of Land, and for providing relief in cases of forcible dispossession, within the Presidency of Fort William in Bengal.

I. Whereas it is expedient to remove doubts which have arisen upon the interpretation of Regulation XV of 1824, and to amend the Law for preventing Affairs concerning the possession of Land, and for giving relief in cases of forcible dispossession, and to extend it to cases not hitherto provided for, and to make it applicable to persons of every class or description, whether British born subjects or others:

It is hereby enacted, that Regulation XLIX of 1799, Regulation XIV of 1795, Regulation XXXII of 1803, Section 5, Regulation VI of 1818, Regulation XV of 1824, and Regulation II of 1829, of the Bengal Code; together with so much of any Regulations as extends any of the above Regulations or parts of Regulations to any place within the Presidency of Fort William in Bengal, be repealed.

II. And it is hereby enacted, that whenever any Magistrate or other Officer exercising the powers of a Magistrate may be certified that a dispute likely to induce breach of the peace exists concerning any Land, Premises, Water, Fisheries, Crops, or other produce of Land, within the limits of his jurisdiction, he shall record a proceeding, stating the grounds of his being so certified, and shall call on all parties concerned in such dispute (whether Proprietors, dependent Talukdars, Farmers, under Farmers, Ryots or other persons) to attend his Court in person, or by agent, within a reasonable time, and to give in a written statement of their respective claims as respects the fact of actual possession of the subject of dispute. And the Magistrate, or other Officer as aforesaid, shall, without reference to the merits of the claims of any party to a right of possession, proceed to enquire what party was in possession of the subject of dispute when the dispute arose, and after satisfying himself upon that point, shall record a pronouncement declaring the party whom he may deem to have been in such

possession to be entitled to retain possession, until ousted by due course of Law, and forbidding all disturbance of possession until such time; and if necessary the Magistrate or other Officer as aforesaid shall put such party into possession, and maintain him in possession, until the rights of the parties disputing be determined by a competent Court.

III. And it is hereby enacted, that if the Magistrate or other Officer as aforesaid shall, in the cases mentioned in Section II of this Act, be unable to satisfy himself as to what party was in possession of the subject of dispute when the dispute arose, he may attach the subject of dispute until the rights of the parties be determined by a competent Court, giving the Collector information of the attachment; and if the subject of dispute be Land, the provisions of Regulation V of 1827 regarding attachment by order of a Zillah or City Court shall apply to attachments by order of a Magistrate or other Officer as aforesaid made under this Section.

IV. And it is hereby enacted, that if any party shall complain to a Magistrate or other Officer as aforesaid, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops, or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependent Talukdar, Farmer, under Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the party or parties complained against, and any other parties concerned, to appear and make defence in person or by agent within a reasonable time; and if, after the examination of the necessary witnesses and documents, the complaint appears to him to be substantiated, he shall record a proceeding, ordering the party complaining to be put again into possession of the subject of dispute, and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession.

V. And it is hereby enacted, that if, in cases instituted under this Act, the subject of dispute be newly formed Land, whereof it shall appear to the Magistrate or other Officer as aforesaid that no party has ever had possession, the Magistrate or other Officer as aforesaid shall award possession to the party to whom the right of possession belongs according to law or custom, and shall maintain that party in possession until the right to possession be determined by a competent Court.

VI. And it is hereby enacted, that if a dispute arises concerning the right of use of any Land or Water, the Magistrate or other Officer as aforesaid within whose jurisdiction the subject of dispute lies may enquire into the matter, and if it shall appear to him that the subject of dispute was open to the use of the public, or of any persons, or of any class of persons, the said Magistrate or other Officer may order that possession

thereof shall not be taken or retained by any party to the exclusion of the public, or of such person, or of such class of persons, as the case may be, until the party claiming such possession shall obtain the decision of a competent Court adjudging him to be entitled to such exclusive possession. Provided that the Magistrate or other Officer as aforesaid shall not pass any such order as aforesaid, if the matter be such that the right of use is capable of being exercised at all times of the year, unless that right shall have been ordinarily exercised within three months from the date of the institution of the enquiry, or in cases where the right of use exists at particular seasons, unless such right has been exercised without discontinuance before the dispossession of which complaint is made.

VII. And it is hereby enacted, that any person opposing by force the execution of an order for possession or use, given under this Act, or refusing obedience thereto, or knowingly contravening the same, as long as it shall remain in legal force, shall be liable, on conviction before a Magistrate or other Officer with the powers of a Magistrate, to be sentenced to simple imprisonment for a term not exceeding six months, or to fine not exceeding two hundred rupees, commutable if not paid to a period of simple imprisonment not exceeding six months, or to both imprisonment and fine as aforesaid.

VIII. And it is hereby enacted, that all orders passed under this Act shall be appealable in the usual manner under the Regulations and Laws that are or may be in force relating to appeals from the orders of Magistrates or other Officers exercising the powers of Magistrates.

IX. And it is hereby enacted, that in cases instituted under this Act the Magistrate or other Officer as aforesaid is authorised, with the consent of all the parties, to refer the matter in dispute, so far as it is cognizable under this Act, to an arbitrator or arbitrators for decision, whose award shall be executed as if it were the award of such Magistrate or other Officer as aforesaid.

X. And it is hereby further provided, that this Act shall not extend to any place beyond the limits of the Presidency of Fort William in Bengal, or to the Settlements of Prince of Wales' Island, Singapore, or Malacca, or to any place situated within the local limits of the jurisdiction of Her Majesty's Supreme Court at Calcutta.

Ordered, that the amended Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 6th day of February next.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 p.m. The other daily despatch will be sent off at noon.

Barreckpore	Jehanagore	The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.
Serampore	Patolocca	
Ghanderagore	Cutwah	
Hoochly	Mera	
Noisical	Berhampore	
Dighal	Jengunge	
Santipore	Bogowangalab

Caleah	Khamrah	
Calcutta		

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kornaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A.M.

East India Army Agency,

CHARING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well-wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance, — Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouchsafed for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact *every description of business connected with India and the Colonies*.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,**

TUE 19TH JANUARY, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 19th January 1840.

Act No. — or 1840.

An Act for amending the law administered in Her Majesty's Courts of Justice with reference to Arbitrations, Damages, and interested Witnesses.

I. Whereas it is expedient to extend to the Territories of the East India Company certain provisions of the Statute 3d and 4th William IV Chap. 42 whereby remedies have been applied for the uncertainty and imperfections heretofore incident to Arbitrations, for the insufficient damages to which injured parties were limited by the technical forms of certain actions, and for the obstruction to Justice frequently occasioned by reason of the legal incompetency of witnesses to give evidence in consequence of having some interest in the event of the suit to which their testimony relates ;

It is hereby enacted, that, 3 and 4. W. 4. C. 42. in order to render the rejection, of witnesses on the

ground of interest less frequent, if any witness shall be objected to in any of Her Majesty's Courts of Justice as incompetent on the ground that the verdict or judgment in the action on which it shall be proposed to examine him would be admissible in evidence for or against him, such witness shall nevertheless be examined, but in that case a verdict or judgment in that action in favor of the party on whose behalf he shall have been examined shall not be admissible in evidence for him or any one claiming under him, nor shall a verdict or judgment against the party on whose behalf he shall have been examined be admissible in evidence against him or any one claiming under him.

II. And it is hereby enacted, 3 and 4. W. 4. C. 42. that the Court on the trial of Sec. 29. any issue, or on any inquiry of

damages, in any suit before any of Her Majesty's Courts of Justice may, if it shall think fit, give damages in the nature of interest over and above the value of the Goods at the time of the conversion or seizure in all actions of trover or trespass de bonis mortis etate and over and above the money recoverable in all actions or policies of assurance made after the passing of this Act.

III. And it is hereby enacted, 3 and 4. W. 4. C. 42. that the power and authority of any arbitrator or umpire appointed by or in pursuance of any rule of Court, or Judge's order, or order of reference, in any action now brought or which shall be hereafter brought, or by or in pursuance of any arbitration or reference containing an agreement that such arbitration shall be made a rule of any of Her Majesty's Supreme Courts, shall not be revocable by

any party to such reference without the leave of the Court by which such rule or order shall be made or which shall be mentioned in such submission, or by leave of a Judge, and the arbitrator or umpire shall and may, and is hereby required to proceed with the reference notwithstanding any such revocation, and to make such award, although the person making such revocation shall not afterwards attend the reference, and that the Court, or any Judge thereof may from time to time enlarge the term for any such arbitrator making his award.

IV. And it is hereby enacted, 3 and 4. W. 4. C. 42. that when any reference shall Sec. 40. have been made by any such rule or order as aforesaid, or by any other instrument authorizing such a reference, it shall be lawful for the Court by which such rule or order shall be made, or which shall be mentioned in such agreement, or for any Judge by rule or order to be made for that purpose to command the attendance and examination of any person to be named, or the production of any documents to be mentioned in such rule or order, and the disobedience to any such rule or order shall be deemed a contempt of Court, if, in addition to the service of such rule or order, an appointment of the time and place of attendance in obedience thereto, signed by one at least of the Arbitrators, or by the Umpire, before whom the attendance is required, shall also be served either together with or after the service of such Rule or Order : Provided always that every person whose attendance shall be so required, shall be entitled to the like conduct money and payment of expenses, and for loss of time as for and upon attendance at any trial : Provided also, that the application made to such Court or Judge for such Rule or Order shall set forth the place where such witness is residing at the time, or satisfy such Court or Judge that such person cannot be found : Provided also, that no person shall be compelled to produce under any such Rule or Order any writing or other document that he would not be compelled to produce at a trial, or to attend at more than two consecutive days to be named in such Order.

V. And it is hereby enacted, 3 and 4. W. 4. C. 42. ed, that when in any Rule or Sec. 41. Order of reference, or in any submission to arbitration containing an agreement that the submission shall be ordered or agreed that the witnesses upon such reference shall be examined upon oath, it shall be lawful for the Arbitrator or Umpire, or any one Arbitrator, and he or they are hereby authorized and required to administer an oath to such witnesses, or to take their affirmation in cases where affirmation is allowed by law instead of oath, and if upon such oath or affirmation any person making the same shall wilfully and corruptly give any false evidence, every person so offending shall be deemed and taken to be guilty of perjury, and shall be prosecuted and punished accordingly.

VI. And it is hereby enacted, that this Act shall take effect in Calcutta from the day of its passing, and

at Madras and Bombay after the expiration of thirty days from such day, and in the Straits Settlements after the expiration of sixty days from such day.

Ordered, that the Draft now read be published for general information.

THE 13TH JANUARY, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 13th January 1840.

ACT NO. — OR 1840.

An Act for amending the law administered in Her Majesty's Courts of Justice with reference to Arbitrations, Damages, and interested Witnesses.

I. Whereas it is expedient to extend to the Territories of the East India Company certain provisions of the Sixth 3d and 4th William IV, Chap. 42 whereby remedies have been applied for the uncertainty and imperfections heretofore incident to Arbitrations, for the insufficient damages to which injured parties were limited by the technical forms of certain actions, and for the obstruction to justice frequently occasioned by reason of the legal incompetency of witnesses to give evidence in consequence of having some interest in the event of the suit to which their testimony relates;

It is hereby enacted, that, 3 and 4. W. 4. C. 42. in order to render the rejection of witnesses on the Sec. 26. ground of interest less frequent, if any witness shall be objected to in any of Her Majesty's Courts of Justice as incompetent on the ground that the verdict or judgment in the action on which it shall be proposed to examine him would be admissible in evidence for or against him, such witness shall nevertheless be examined, but in that case a verdict or judgment in that action in favor of the party on whose behalf he shall have been examined shall not be admissible in evidence for him or any one claiming under him, nor shall a verdict or judgment against the party on whose behalf he shall have been examined be admissible in evidence against him or any one claiming under him.

II. And it is hereby enacted, 3 and 4. W. 4. C. 42. that the Court on the trial of Sec. 29. any issue, or on any inquiry of damages, in any suit before any of Her Majesty's Courts of Justice may, if it shall think fit, give damages in the nature of interest over and above the value of the Goods at the time of the conversion or seizure in all actions of trover or trespass de bonis asportatis and over and above the money recoverable in all actions or policies of assurance made after the passing of this Act.

III. And it is hereby enacted, 3 and 4. W. 4. C. 42. ed., that the power and authority Sec. 30. appointed by or in pursuance of any rule of Court, or Judge's order, or order of reference, in any action now brought or which shall be hereafter brought, or by or in pursuance of any submission to reference containing an agreement that such submission shall be made a rule of any of Her Majesty's Supreme Courts, shall not be revocable by any party to such reference without the leave of the Court by which such rule or order shall be made or which shall be mentioned in such submission, or by leave of a Judge, and the arbitrator or umpire shall and may, and is hereby required to proceed with the reference notwithstanding any such revocation, and to

make such award, although the person making such revocation shall not afterwards attend the reference, and that the Court, or any Judge thereof may from time to time enlarge the term for any such arbitrator making his award.

IV. And it is hereby enacted, 3 and 4. W. 4. C. 42. that when any reference shall Sec. 40. have been made by any such rule or order as aforesaid, or by

any submission containing such agreement as aforesaid, it shall be lawful for the Court by which such rule or order shall be made, or which shall be mentioned in such agreement, or for any Judge by rule or order to be made for that purpose to command the attendance and examination of any person to be named, or the production of any documents to be mentioned in such rule or order, and the disobedience to any such rule or order shall be deemed a contempt of Court, if, in addition to the service of such rule or order, an appointment of the time and place of attendance in obedience thereto, signed by one at least of the Arbitrators, or by the Umpire, before whom the attendance is required, shall also be served either together with or after the service of such Rule or Order: Provided always that every person whose attendance shall be so required, shall be entitled to the like conduct money and payment of expenses, and for loss of time as for and upon attendance at any trial: Provided also, that the application made to such Court or Judge for such Rule or Order shall set forth the place where such witness is residing at the time, or satisfy such Court or Judge that such person cannot be found: Provided also, that no person shall be compelled to produce under any such Rule or Order any writing or other document that he would not be compelled to produce at a trial, or to attend at more than two consecutive days to be named in such Order.

V. And it is hereby enacted, 3 and 4. W. 4. C. 42. ed., that when in any Rule or Sec. 41. Order of reference, or in any submission to arbitration con-

taining an agreement that the submission shall be ordered or agreed that the witnesses upon such reference shall be examined upon oath, it shall be lawful for the Arbitrator or Umpire, or any one Arbitrator, and he or they are hereby authorized and required to administer an oath to such witnesses, or to take their affirmation in cases where affirmation is allowed by law instead of oath, and if upon such oath or affirmation any person making the same shall wilfully and corruptly give any false evidence, every person so offending shall be deemed and taken to be guilty of perjury, and shall be prosecuted and punished accordingly.

VI. And it is hereby enacted, that this Act shall take effect in Calcutta from the day of its passing, and at Madras and Bombay after the expiration of thirty days from such day, and in the Straits Settlements after the expiration of sixty days from such day.

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT
IN COUNCIL.

FORT WILLIAM, 20TH JANUARY, 1840.

No. 1 of 1840.—The following Military Letter from the Hon'ble the Court of Directors to the Governor General of India in Council, No. 8, dated the 11th September 1839, is published to the Army:

"Military Department.

No. 8 of 1839.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. We forward to you the copy of a letter from Lieutenant General Lord Fitzroy Somerset, dated the 5th instant and of its enclosures, bringing to our notice that the arrangements agreed upon and authorised for the promotion and employment of Her Majesty's Lieutenant Colonels serving in India who are senior as such to our Officers promoted to be Colonels and Major Generals, have not been correctly understood. It will be apparent on referring

to our letters of the 28th Jany. 1835, paras. 1 to 9, dated noted in the 10th Decr. 1837, para. 8, margin that those Officers of Her Ma-

Her Majesty's Service who have been promoted to be Local Major Generals are eligible to be appointed to Brigade Commands in Divisions whether their Regiments may be serving in those Divisions or not, " provided always that no interference be permitted with the Commands on the General Staff allotted to the Major Generals or Brigadier Generals and Brigadiers of the Queen's and Company's Forces respectively."

2. In Our Letter of the 28th January 1835, We stated that, if it shall be found impracticable to make either of the arrangements then suggested for the employment of Officers of Her Majesty's Service who might be Senior in a Division to an Officer appointed to the Command of that Division, it would " be indispensably necessary that the Officers so situated should be called upon to consider of the course they would have to take; and they must have the option of retiring from the country as they would do if promoted to be Major Generals on General Brevet and not appointed to serve on the Staff." We have now to apprise you that Local Major Generals so situated may continue to reside in India unemployed like Major Generals in our service, receiving the Pay and Battalions of their Regimental Rank, but with the understanding that the Brigade Commands usually allotted to the Queen's Service shall be given to the Queen's Officers available for them at each Presidency according to seniority.

We are, &c."

London, 11th September, 1839.

With reference to the above letter the Honorable the President in Council is pleased to declare:

1st. That Local Major Generals of Her Majesty's Service are eligible under the appointment of Government for employment as Brigadiers, where Queen's Troops are stationed, provided that such appointment shall not interfere with the Commands on the General Staff allotted to Company's Officers.

2. That the Senior Local Major Generals (of the Regiments at each Presidency) are in preference to be employed.

3. That the Brigadiers terms of serving shall be limited, as in the case of Major General, to five years: and half the number of years which any Officer may have served prior to the promulgation of this Order, in Command of a Brigade, including any temporary Command of a Division, shall be deducted from that term.

4. That Local Major Generals of Her Majesty's Service who prefer remaining in India, in expectation of succeeding by Seniority to Brigade Commands, may do so—selecting their residences within the Presidency in which their Regiments are serving, and receiving the Pay and Full Battalions of their Regimental Rank.

5. That Local Major Generals of Her Majesty's Service must hereafter be held to be ineligible to retain the Command of their respective Regiments and must vacate their Brigade Commands on the departure of their Regiments from India, or from one Presidency to another.

6. That Local Major Generals of Her Majesty's Service who have served five years as Brigadiers, are not, without special sanction, to remain in India in receipt of Full Battalions, although the Regiments to which they belong may still continue on the Indian Establishment.

7. That these Rules shall have effect from the date of this General Order.

Offg. Secy. to the Govt. of India, Mil. Dept.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Kharnah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore	The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.
Serampore	Patnajip	
Chandernagore	Cutwah	
Hooghly	Meral	
Nelsoor	Berhampore	
Dilgrah	Jeagunge	
Santipore	Bogowangaloh	
Nuddea	Jungypore	
Calnah	Khamrah	The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local

Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamruli, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

ADVERTISEMENT

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

" I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

East India Army Agency,

CHARING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well-wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouchéd for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

3d.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance, executed thereon, both in triplicate, at the rate of Lading, and to draw

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

4th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, at the rate of six per cent. per annum, from the date of the bill, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT IN COUNCIL.

FORT WILLIAM, 27th January, 1840.

No. 16 of 1840.—In continuation of General Orders, No. 198, of the 18th September 1837, the following letter (No. 37) from the Hon'ble the Court of Directors, in the Public Department, dated the 25th September 1839, and its annexments, are published in General Orders:

PUBLIC DEPARTMENT.

No. 37 of 1839.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

We forward a No. in the Packet Copy of a Letter, with enclosures, from James Stephens, Esq., of the Colonial Office, relating to the privileges with respect to Settlement in certain Colonies of the Crown granted to Officers of the Indian Army and Navy, in common with those of Her Majesty's Services. You will observe that the advantages do not extend to the Officers of our late Mercantile Maritime Service, and it is further requisite to notice, that Officers of the Indian Army or Navy, quitting the Service for the express purpose of settling in the Colonies, must provide themselves with a Certificate granted in analogy with the provisions of Section V. of the paper entitled "Information for the use of Military and Naval Officers proposing to settle in the Australian Colonies," and which must be produced to the Governor of the Colony, within one year of its date.

We are, &c.

London, 26th September, 1840.

Downing Street, 23d August, 1832.
To JAMES MELVILLE, Esq.

East India House.

Sir,

* I am directed by the Marquis of Normanby to transmit to you, for the information of the Chairman and Court of Directors of the East India Company, the Copy of a Despatch from the Governor of New South Wales, requesting to be informed whether a remission in the Purchase of Land in that Colony extends to Officers of the Company's late Maritime Service; and I am to request that you will state to the Court of Directors that Her Majesty's Government in acceding to the application of the Court for granting this indulgence to Officers of the "Indian Navy" intended it to apply only to that portion of the Navy which might be considered as analogous to the Royal Navy, and which would appear to be more properly designated as the "Bombay Marine".

Lord Normanby, therefore, proposes to convey Instructions to this effect to the Governor of New South Wales.

With reference to the question proposed in the 3d paragraph of the Governor's Despatch the Court of Directors will perceive by the 5th Section of the accompanying Regulations, that Officers of the Army or Navy who have quitted the Service for the express purpose of settling in the Colonies are required to furnish the Governor with a Certificate to that effect within a specified time.

This Rule must of course apply to the Company's Officers.

I am, &c.

EXECUTIVE.

Government House, Sydney, 11th March, 1832.
To THE RIGHT HONORABLE
LORD GLENELG,

&c. &c. &c.

My Lord, With reference to your Lordship's Despatch of the 29th March 1832, No. 282, which grants to Officers of the East India Company's Maritime Service, the same advantages in the acquisition of Land, in the Australian Colonies, as are allowed to Officers of the Royal Navy, I beg leave to report to your Lordship that the following questions have occurred in this Colony in settling the Claims of Officers under these Regulations; and to request your Lordship's decision thereon.

1st. Whether it be the intention of Her Majesty's Government to confine these advantages to the small body of East India Officers, who belong to what is called the Bombay Marine, and who are supposed to be engaged in Services analogous to those of the Royal Navy, or to extend them to the whole body of Officers, lately engaged in the East India Company's Commercial Service afloat.

2dly. In the latter case, the way in which the relative ranks of Officers are to be settled, and whether an Officer who may have obtained the rank of Commander of an Indianman, is to date his service from the time of his first embarkation or from that of his being rated, either as a Mate or as a Commander.

3dly. Whether Officers are required to make their applications within any limited period from the time of their quitting the Service, as is the case with Military Officers in the Queen's Service, who are required, not only to shew that they left the Army for the purpose of becoming settlers, but also to arrive in the Colony, within a year from the time of their having parted with their Commissions.

The case on which these questions have arisen, is that of Captain Edward Lambert Adams' claims to rank as a Lieutenant Colonel from the time at which he was sworn in to the Command of a Vessel, namely, the 2d October 1822, but who first went to Sea on the 27th March 1815.

I should observe that Captain Adams has been allowed, subject however to your Lordship's approval, a remission of £200, being that of a Field Officer of more than 20 but less than 25 years' service.

I enclose copies of the Documents on which the claim of Captain Adams has been admitted.

Other claims of the same nature, or from Officers of the same Service, will in all probability be shortly re-

ceived, and it is on this account that I am desirous of being honored with your Lordship's Commands.

I have, &c.

To MESSRS. GLEDSTONES, KERR AND CO.

GENTLEMEN,

In reply to your letter of the 8th instant, requesting a Certificate of the service of Captain Adams, late a Commander in the Company's Maritime Service, I am Commanded by the Court of Directors to state that Captain Edward Lambert Adams was first employed in the Maritime Service of the East India Company, as Midshipman, on the 27th March 1815, that he performed seven voyages in that Service in various grades and succeeded to the rank of Commander in the season 1822, having been sworn as Commander of the "Kellie Castle" on the 2d of October in that year—Captain Adams was granted a pension on the 5th October 1836, as compensation for loss of employment under the East India Company, in common with other Commanders, in accordance with the Provisions of Act 3 and 4 Wm. IV. Cap. 65. See 7.

I am, &c.

To WIT.

Edward Lambert Adams, late Commander in the Honorable East India Company's Maritime Service, appeared before me, one of Her Majesty's Justices of the Peace for the Colony of New South Wales, and maketh oath and saith that his comparative rank in India as a Commander with Officers of Her Majesty's Forces on that Station is that of Lieutenant Colonel from the date he was sworn in.

accurate, and provided, if they belong to the Navy, that they produce their letter of leave of absence from the Admiralty.

4. Military Chaplains, Commissariat Officers of any of the Civil Departments, connected with the Army, cannot be allowed any privileges in the acquisition of Crown land—Purser, Chaplains, Midshipmen, Warrant Officers, of every description, and Officers of any of the Civil Departments connected with the Navy, must also be considered as not qualified for those privileges, although Members of these classes may have been admitted formerly, and under different state of circumstances.

5. Gentlemen who have ceased to belong to Her Majesty's Service cannot be allowed the advantages to which they were entitled while in the Army or Navy. It is not, however, proposed to affect by this rule Officers who desire to quit the Services for the express purpose of settling in the Colonies; it is only required, that when they resign their Commissions, they should apply for a certificate from the General Commanding in Chief, or from the Master General of the Ordnance, or from the Lords Commissioners of the Admiralty, that they do so with the view of emigrating; and such Certificate, if produced to the Governor of any Colony, within one year from its date, but not otherwise, will be a sufficient Warrant for allowing the bearer the same advantages as Officers still in Her Majesty's Service.

6. Medical Officers of the Army who have commuted their Half Pay, will be entitled to the same advantages in the purchase of land as Subaltern Officers who have sold their Commissions for the purpose of emigrating.

7. Officers cannot be allowed advantages in the acquisition of land in any Colony unless it be their intention to fix their residence in that Colony. In order to insure the observance of this rule, the Titles to lands obtained by Officers who take advantage of the Regulations existing in their favor will be withheld for two years from the date of sale.

Note. These Regulations are not applicable to the Colony of South Australia.

Downing Street, 1st August, 1838.

Information respecting the Sale of Crown Lands in the Australian Colonies.

1. Crown Lands in New South Wales, Van Dieman's Land, and Western Australia are disposed of only by sale at Public Auction in the Colonies at an upset price fixed by the Government.

2. A deposit of £10 per Cent. on the whole value of the purchase must be paid down at the time of the sale, and the remainder must be paid within one calendar month from the day of sale, previous to which the purchaser will not be put in possession of the land, and in case of payment not being made within the prescribed period, the sale will be considered void, and the deposit forfeited—on payment of the money, a grant will be made in fee simple to the purchaser at the nominal quit rent of a peppercorn.

3. The land will generally be put up to sale in lots of one square mile or 840 acres.

4. Further details relating to the sale of the Crown Lands in the Australian Colonies, must be procured at the Office of the Surveyor General in each respective Province.

5. There are no Crown Lands in South Australia. Information respecting the Sale of Lands in that Province, may be procured at the Office of the Colonization Commissioners, No 6, Adelphi Terrace.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 p. m. The other daily despatch will be sent off at noon.

Barrackpore Jahanagore The mid-day despatch
Serampore Patna will convey letters, news-papers, &c., for the sta-tions noted in the mar-gin, thus giving them an advantage of 8 hours o'er the night Mail.
Chaudernagore Cutwah
Hooghly Meo
Noisera Berhampore
Digrah Jeangunge
Santipore Bogowangolah
Nuddea Jangypore
Calmah Khamrah The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THIS numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well-wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouchsafed for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.
Messrs. BINNY & Co. Madras.
Messrs. LECKIE & Co. Bombay.

ADVERTISEMENT

It being understood that Public Officers, in ignorance of existence and nature of the Orphan Press Contract by Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deems it expedient to publish, for general information, following extract of a Letter from Mr. Secretary Insep, showing that the Orphan Press has the exclusive privilege of Printing for Government.

I am directed to acknowledge the receipt of your letter the 8th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made subject of representation.

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such rates as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges which the Company may have incurred on account of the Consignment, together with Interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignors; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors shall be authorized, in such manner and at such rates as they may see fit, to sell the Goods, for the recovery of the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignee; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills, also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 A. M. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore
Serampore	Patoolee
Chandernagore	Cutwah
Hooghly	Morsi
Noibera	Borhampore
Dighra	Jesugunge
Santipore	Bogowangalih
Muhdeea	Jungypore
Catnahr	Khamarah

The mid-day despatch will convey letters, newspapers, &c., for the stations noted in the margin, thus giving them an advantage of 1 hour over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c., in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well-wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouchsafed for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

" I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.
